

IESA Student Membership

The India Energy Storage Alliance (IESA) was launched in 2012 by Customized Energy Solutions to promote energy storage & micro grid technologies and their applications in India. IESA's vision is to make India a global leader in energy storage & microgrid technology adoption and hub for manufacturing of these emerging technologies by 2020. IESA's mission is to make energy sector in India more competitive and efficient by creating awareness among various stakeholders in the industry and by promoting information exchange with the end users. IESA also provides insights to technology developers, original equipment manufacturers and system integrators on the policy landscape and business opportunities in India through frequent interaction with all key stakeholders.

India is anticipated to become one of the best markets for adoption of energy storage technologies due to several drivers like fastest growing economy, increasing share of renewables, transmission constraints, need for providing 24*7 quality power and electric mobility mission. As estimated by IESA, the Indian energy storage market is expected to grow to 70 GW by 2022. Please find more information on IESA at www.indiaesa.info

Aim of IESA Student membership network is to help students to understand the various energy storage technologies and applications. The key privileges and benefits include:

Benefits of joining the IESA Student Membership

You pay	
Annual fee	INR 5,000 for students registered in Indian universities / \$100 USD for International students
You get	
IESA Welcome kit	Membership certificate, IESA T-shirt and stationary kit
Participation in the IESA Webinars (up to 4)	Valued at \$ 100 for each webinar, 4 webinars per annum
Subscription to IESA Newsletter	Covers the latest information of the energy storage market
Free access to the presentations, white papers & the study material of different energy storage conferences at IESA- Resource section	Online Access through secured membership login
Special student discount (up to 66 %) on delegate passes for IESA annual conference	For more information visit Energy Storage India, www.esiexpo.in . Full conference pass is valued at INR 45,000/-
10-20% discount while participating in any strategic partner events	Depends on the nature and number of events participated
Opportunity to network with Industry professionals	Special access to select IESA networking events with 30% discount on registration fees. (Conditions may apply to ensure appropriate audience)
Internships & future employment opportunities	Based on availability paid / unpaid internships are available through IESA and member companies
Opportunities for project work with IESA & its member companies	Through IESA annual competition. Winners receive stipend of up to INR 50,000/- and additional prizes.
Subscription to e-version of IESA Magazine	<i>Emerging Technology News- ETN</i>
Platform to present/ write your research work	in the IESA newsletter & IESA Magazine "Emerging Technology News-ETN"
Total direct Benefits	IESA Students Members save over \$3000

IESA – Student Membership Registration Form

1 year Membership- (Students from Indian Universities). (INR 5,000+ taxes / Year)

1 year Student Membership- (International students). (\$100 / Year)

Please submit the scan copy of the University/College Identity card at contact@indiesa.info

Mr/Mrs: _____ First name: _____ Last name: _____

University/Institution Name: _____

Department: _____

Course: _____ Anticipated year of completion : _____

Mobile: _____ Email: _____

Address: _____

T Shirt Size: S / M / L / XL

I agree to the full terms and conditions **Signature:** _____ **Date:** _____

Terms & Conditions

- Student is enrolled full time in an accredited college/university; and not employed by any private/government organization;
- And promise not to share information for any private gains or commercial purposes;
- And a full credit to IESA/CES for any information used for academic, research publication
