

India Battery Recycling and Reuse Summit

Date: 18th January 2025
Time: 09:00 AM - 06:00 PM IST
Venue: New Delhi.

Program (18th January 2025)

Time (HRS IST)		Session
10:00-11:00	Inauguration Session	Roadmap Battery Recycling in India and Circular Economy
11:00-11:20	Market Session	Overview Global Recycling & second life battery market
11:20-11:40	Tea Break	
11:40-12:00	Policy Session	BWMR policy & Need for additional policy & regulatory support
12:00-12:20	Policy Session	Current EPR guidelines
12:20-12:40	Policy Session	Required policy to support Second life of Batteries
12:40-13:00	Policy Session	Refurbishment guidelines
13:00-14:00	Lunch Break	
14:00-14:20	Market Session	Need for Second life batteries & Current Scenario in India
14:20-14:40	Market Session	Key challenges in the collection of waste batteries
14:40-15:00	Technology Session	Issues & Safety guidelines in transportation of waste batteries
15:00-15:20	Technology Session	Battery segregation & preparation of Black Mass and current scenario in India
15:20-15:40	Technology Session	Key Recycling technologies (black mass to salt and recycling technologies)
15:40-16:00	Technology Session	Enhancing the Battery Value Chain (Recycling) with Specialty Chemicals
16:00-16:20	Technology Session	Skill & Capacity Building for Battery Recycling
16:20-16:40	Tea Break	
16:40-17:00	Policy Session	Role of State policies to support Battery Recycling
17:00-17:20	Market Session	Opportunities and Emerging Business model for the battery recycling in India
17:20-17:40	Market Session	Global collaboration and Battery Recycling- with EU, Japan, USA and others
17:40-18:00	Closing remarks & way ahead
