KEY HIGHLIGHTS

2nd Nov | Monday

Pre-Conference Workshop

Women in EV & Energy Storage Forum

3rd Nov | Tuesday

Atmanirbhar Bharat – Energy Storage & EV Manufacturing

CXO Roundtable

IESA Industry Excellence Awards

Virtual Expo

4th Nov | Wednesday

Stationary Energy Storage India (SESI)

Virtual Expo

5th Nov | Thursday

India E-Mobility (Electric Vehicle & Charging Infrastructure) Conclave

Buyer-Seller Forum

Virtual Expo

6th Nov | Friday

R&D Summit (Energy Storage & EV)
Investment Summit (Energy Storage & EV)

Global Start-up Outreach Program

2nd Nov | Monday

Pre-conference workshop

Time (IST)	Hall 1	Time (IST)	Hall 2
10:00-12:00	Energy Storage 101 (Current Technology Landscape & Future Developments)	10:00-12:00	EV & Charging Infra Technology Overview
12:00-12:30	Networking Break		
12:30-14:30	Workshop on Minigrids/ Microgrids for economic development of local communities (Powered by MICRO Initiative)	12:30-14:30	IESA - UNIDO ESS Innovation Workshop (Supported By UNIDO)
14:30-15:00	Networking Break		
16:00-18:00	Workshop on 24X7 RE for Indian Electricity Grid (Jointly organised by IESA, Association of Renewable Energy Agencies of State (AREAS), Supported by MNRE)	15:00-17:00	Hydrogen Economy and India - Nordic Collaboration(Supported By Innovation Norway and Business Finland)

3rd Nov | Tuesday

AtmaNirbhar Bharat – Energy Storage & EV Manufacturing

10:00-11:15	Regulatory and Policy Outlook on Energy Storage and EV Manufacturing
11:15-11:30	IESA Vision for AtmaNirbhar Bharat - Energy Storage & EV Manufacturing
11:45-13:00	Supply Chain (Raw Materials, equipment's & components) & Global Manufacturing
13:30-14:45	Recycle & Reuse (Second life of battery packs and Recycling)
15:00-16:15	Skill Development & Capacity Building
16:30- 17:45	Make In India (CXOs Prospective on Indigenous Manufacturing)

4th Nov | Wednesday

Stationary Energy Storage India (SESI)

10:00-11:15	Regulatory & Policy for RE Hybrid, energy storage for Grid & BTM Applications
11:15-11:30	IESA Vision Energy Storage Adoption for RE, Grid & BTM and Market Opportunities
11:45-13:00	Grid Level Energy Storage Integration (Grid Stability, T&D Application, Ancillary Services etc.)
13:30-14:45	Behind the Meter (BTM), DER, Energy Storage for Commercial & Industrial Application
15:00-16:15	Asset Management - Analytics & Digitization
16:30- 17:45	Financing Storage Projects (Global Case Study & India Prospective)

5th Nov | Thursday

India E-Mobility (Electric Vehicle & Charging Infrastructure) Conclave

10:00-11:15	Regulatory and Policy for E-Mobility & Charging Infrastructure
11:15-11:30	IESA Vision for Electric Vehicle & Charging Infra Adoption & Market Opportunities
11:45-13:00	Electric Mobility 360 (OEM's perspective: e2W, e3W, e-4W, CV: LCV, BUS)
13:30-14:45	EV Components, Power train and Other Opportunities for Indian Manufacturers
15:00-16:15	Charging Infrastructure and Swapping
16:30- 17:45	EV Adoptions in India and Users Perspective

6th Nov | Friday

Energy Storage & EV R&D Summit

10:00-11:15	Indian R&D ecosystem & industry - academic partnership on storage technology research
11:15-11:30	IESA Vision for Energy Storage & EV R&D for India
11:45-13:00	Advancement of battery technologies and recycling
13:30-14:45	Technological readiness of hydrogen storage for stationary and EV applications
15:00-16:15	Importance of R&D for advanced BMS, thermal management, datamining, AI to address safety and better performance
16:30- 17:45	Drivetrain and EV components related research to improve performance of EV

6th Nov | Friday

Energy Storage & EV Investment Summit

10:00-10:15	Global & India investment in energy storage & E-Mobility Overview
10:30-11:30	Early stage investment in Start-ups
11:45-12:45	M&A, JV, Investment in growth stage companies in Energy Storage & E-Mobility
13:00-15:00	Start-Up Pitch by 10 shortlisted start-ups
